

Veterinary Care In Your Own Home

Does your pet get stressed when visiting the vet?

Would it be easier to have a vet and nurse come to you?

Do you have more than one pet to transport to the vet?

Then why not try our new service of routine consultations in the comfort of your own home?

- These consultations will take place on the first Tuesday of every month (2-5pm), in the St. Andrews area
- A vet and a nurse will come to your house to check your pet and carry out basic treatments (blood pressure, bloods tests, general health checks and vaccinations) and give further advice
- Appointments must be pre-booked at least 3 days in advance
- Each visit will cost £40- (approx. 60% off the usual visit charge). Normal fees apply in addition to this
